January Newsletter Corrections

Corrections noted for the January Newsletter: Front Page: Lower Left Picture incorrectly indicated Denny Gauher when it was, in fact, Greg Oke. Corrections noted for the February Newsletter: Page 16 under Cabin Owners Committee: The second paragraph should read: "We will no longer recruit members each year and the directory will no longer be a free benefit of membership. Rather, the directory will be available to all club members in May. Copies will be available for a recommended donation of \$10, each, and can be picked up at the desk at the club lodge, or you may request a copy to be mailed to you for \$15, each. The directory will be available beginning at the "Welcome Back" dinner which is held at the club on Memorial Weekend each year."

Getting training is the best way to get the basic skills you need to develop into a good rider.

Did you know that all ORV operators under 16 years old are required to possess a valid safety training certificate when operating an ORV?

A course book will be available prior to the class that the student **must** review prior to the class date.

Attention Lost Lake Woods Campers

I have been appointed as Lost Lake Woods Board of Directors liaison person for the Campgrounds Committee. When I started to research the information on the Campgrounds committee I found that there was no committee.

I would like to form the campgrounds committee once again. As a former camper I understand the importance of having a nice facility while you are camping. This can only happen by having a strong committee to communicate through me to the Manager and Board of Directors. There was no budget request turned in for 2014. At this time we only have \$500 in the capital budget for 2014 and the revenue has been dropping every year for operations. One of our priorities would be to work on the budget for 2015.

I would like to have an organizational meeting on May 24, 2014 at 10:00 A.M. to get the committee operational again. I am open for different dates. The first meeting for the year will be at the lodge in the conference room. I will prepare the agenda for the first meeting. We will need a chairperson and secretary. I would suggest we have meetings in May, June, July and August. I believe we can accomplish everything necessary to enhance the campgrounds with four meetings.

Please let me hear from you. My e-mail address is jyoungblood75@charter.net; my home phone is 989-736-3916 or cell number 989-335-3588. If you are unable to attend a meeting we can have you attend via conference call.

Jim Youngblood
LLW Director

Nominating Committee

Believe it or not, it is that time of year to start thinking of 2015 here at Lost Lake Woods Club. Jim Braden, Norma Christopher-son and Tammy Hurt-Mendyka's terms will end with the passing of 2014. Jim will be the only one who will be able to run again per our by-laws. Tammy Hurt-Mendyka is the Director who is tasked with being the liaison for the Nominating Committee.

Per the by-laws:

At its April meeting the Board of Directors shall appoint a Nominating Committee consisting of six (6) Association members in good standing. None of the appointees to the Nominating Committee shall be a director. The Nominating Committee shall nominate five or more members in good standing. The report of the committee shall be submitted to the Board of Directors at the July meeting for its approval, shall be published in the next ensuing issue of the Lost Lake News, and shall be posted in a prominent place on the bulletin board in the Clubhouse. Nominees' resumes and photographs shall be published in the August issue of the Lost Lake News.

If you are interested in working on the Nominating Committee, please contact Tammy @ 989 335-4042.

BOW AND HUNTER SAFETY COURSE

Michigan has a long, rich tradition of hunting. In Michigan, hunting contributes to wildlife management and conservation, provides a positive family experience and increased recreational opportunity, and is good for the economy.

Safe hunting begins with hunter education, and Michigan's hunter education program has had a dramatic impact on reducing hunting incidents in our state. According to the International Hunter Education Association, young hunters, when accompanied by responsible adults or mentors who have been a part of the youngster's education, are some of the safest individuals afield.

Hunter education courses teach new hunters responsibility, ethics, firearm safety, wildlife conservation and wildlife identification, game care, survival and first aid. In addition to safety, hunter education courses stress ethics, and the instructors work diligently to plant the seeds of sportsmanship in each student.

Successful completion of this class is required of all first time hunters born on or after January 1, 1960.
